DECLÉOR
PARIS

TRAINING FOR NYX

with Nicole Rox, Education Development Manager

More than 20 NYX employees joined the **Company Store** for product training with **Decleor** where they were able to learn, experience, and discover some new favorites.

"Nicole's training was thorough and very informative! Her facilitation style is very calm and professional, allowing everyone in the room to feel comfortable and ready to learn. She was engaging and had made the experience fun. Thank you again Nicole!"

LAUREN BARNES

"I learned so much from her about their products! We should of done this sooner. And I'm hoping she can do it again with the new line that we haven't seen yet."

PAMELA KAUFMAN

"I just wanted to thank Alex, Naydine, and Nicole for holding the class on DECLEOR today! Nicole did an amazing job answering everyone's questions, and I loved learning about the product line from her. The class was super informative, and I can't wait to try out everything!"
